About Me

As a Bachelor of Science student with a passion for web design and development, I'm dedicated to mastering both the creative and technical aspects of the field. With proficiency in HTML, CSS, and other essential tools, I strive to create engaging digital experiences that prioritize user satisfaction. Through continuous learning and hands-on projects, I'm shaping myself into a versatile and skilled professional ready to make an impact in the ever-evolving world of web development.

Experience

- Gain a comprehensive understanding of programming fundamentals, data structures, algorithms, and software development in technology and innovation.
- Skilled in basic HTML and CSS, laying the foundation for website design and customization.
- Proficient in web design, crafting visually appealing and user-friendly websites.
- Skilled in web development, bringing designs to life with code and functionality.
- Experienced in UI/UX design, ensuring intuitive and engaging user experiences.
- Expertise in Microsoft Word and Excel, adept at utilizing these tools efficiently for various tasks.
